## New Hurricane Evacuation Zones

### New zones approved

At their March 7, 2023 regular meeting, the Camden County Board of Commissioners approved new hurricane evacuation zones for the county. The four new zones are the first update since 2013 and were developed in coordination with the U.S. Army Corps of Engineers, Georgia Emergency Management, FEMA, and NOAA. The new zones were developed using the latest storm surge models from the National Hurricane Center allowing us to evacuate based on threat.
