FOR IMMEDIATE RELEASE

Camden County Emergency Management Agency Releases 2023 Hurricane Guide

WOODBINE, GEORGIA – June 6, 2023 — Camden County’s Emergency Management Agency (EMA) has released its 2023 Hurricane Guide. The online guide, available on Camden County’s website at camdencountyga.gov/HurricaneGuide, has information to help local residents prepare for hurricane season.

“All coastal Georgia residents should be aware that it only takes one storm to have a major impact on our community,” said Emergency Management Director Chuck White. “The 2023 Hurricane Season is anticipated to have near-normal activity and this guide has valuable information to help Camden County residents learn more about what they can do to better prepare for this year’s season.”

Included in the guide is information about the 2023 Hurricane Forecast, preparing for hurricanes, CodeRED, and information about the online citizen damage reporter. Additionally, there is information about hurricane hazards and the Camden County Health Department’s Functional, Access, or Medical Needs Hurricane Registry.

About Camden County Emergency Management Agency (EMA): The EMA is responsible for the management of all emergency preparedness program areas within the County. Using the provisions of Georgia statutes, the Agency is responsible for developing and implementing comprehensive Disaster planning, Mitigation, and Response activities within Camden County. Additionally, the Agency also develops and maintains emergency plans for all types of natural and man-made hazards, and provides the analysis and recommendations necessary to make decisions that will effectively save lives and protect property in such emergencies.
